Silver Willow Farm is excited to present the
Healing Hands Workshop by Horse & Hands!

Do you long to be able to provide **comfort** to your animal companion?

Are you looking for a way to **ease** some of the aches and pains in yourself and your friends?

Would you like to find **balance and energy** in your life?

Reiki can help in a **gentle, non-invasive** way.

Reiki is an ancient Japanese practise for **stress reduction** and **relaxation** that promotes healing. It translates as "**Universal Life Energy**." The energy helps to revitalize, energize and provides comfort to the client.

HORSE & HANDS
 Helping People Reconnect

Whether you have a specific issue (mental, emotional or physical) or you are just

looking for an overall balancing, Suzanne's skills will help. Under her tutelage, **you will learn** how to draw on this Universal Life Energy!

In this **intensive 2 day workshop**, you will have an opportunity to experience the benefits of Reiki before learning techniques to help yourself, your family and friends, and your animal companions. **Reiki Master Suzanne Coleman** will teach you to **channel this power** within you during this fun and interactive day. You will then have many opportunities, under the guidance of Suzanne, to **practise** your new skills on fellow participants and the animals, both large and small, of Silver Willow Farm.

Upon completion, you will receive a **Level I Reiki Certificate** for People and Animals.

Dates are available at www.silverwillowfarmbeyondorganics.com
